Q: How to know safari version on iPhone and iPad

Type the following into your Safari address bar

```
javascript:alert(navigator.appVersion);
```

A pop up window will appear that will update you about the Safari version and the iOS.

iPhone 4, iOS 6.1.3

Go to <http://whatsmyuseragent.com> and look at the user agent string, example below. The browser version is last item.

Your User Agent String is:

Mozilla/5.0 (Macintosh; Intel Mac OS X 10_7_5) AppleWebKit/537.73.11 (KHTML, like Gecko) Version/6.1.1 Safari/537.73.11
